

SUNSCREEN AUTHORIZATION
2021-22

Valley Catholic Early Learning School staff may administer VCELS supplied sunscreen to my child,

{Print child's first and last name}

{Parent Signature}

{Date}

Parents will be informed via note on classroom door of the type of sunscreen, including SPF of 15 or higher, supplied by VCELS. No aerosol sunscreens will be used at VCELS. Sunscreen is stored in a classroom cabinet that is not accessible to the children. Parents can inspect the product and active ingredients by asking the teacher for access. If a child is allergic to any of the ingredients in the VCELS provided sunscreen then parents will need to complete an allergy form and provide appropriate sunscreen for the child. Sunscreen will not be applied to children younger than six months. Children over 6 years of age may apply sunscreen to themselves under the direct supervision of VCELS staff.

Note: Please apply sunscreen to your child each morning. On the cabinet door of the classroom each day will be the date and time(s) of re-application as well as the name of the person administering sunscreen.
